

# HEARING

## HIS MARCHING ORDERS

His is the voice calling out in the desert of our lives. Before His return & in preparation of His Bride, one of His top priorities in the first decade of the new millennium is to train His saints to listen to His voice on a daily basis—to walk close to Him in the Spirit—so that every whisper is heard and every desire of His heart is accomplished in the heart of the believer.

Every member of the Army of God is called as an anointed minister of the gospel, and it's time we all stopped being spectators on the sidelines and pew warmers in our churches. It's time we become transformed into true participants in the anointing of the Spirit. We are being called to march on the highway of holiness, to receive daily marching orders from our King, to serve and obey Him in our homes, our schools, our work places, and our communities.

## BACK TO THE BASICS

As we enter the 21st century, we find more advancements in every arena of our lives, more than ever before. As a result, there are many ways we can choose to spend our God-given resources. With these choices come more distractions than ever before. It seems the enemy of our life in the Spirit has more weapons available than ever to sidetrack saints and keep them focused on their circumstances instead of their mission as ministers of the gospel of Jesus Christ. But we have been given weapons of our warfare which are not fleshly, but mighty through God to the pulling down of strongholds. These weapons are the gifts and fruits of the Holy Spirit—activated, grown and nurtured through a closer walk with the Spirit.

More than ever, we need to get back to basics. We need to know our God in order to do the strong exploits He has in store for us. We need to learn to hear His naturally supernatural voice.

### “IT CHANGED MY LIFE.”

*“I had been taught that the gifts of the Holy Spirit were for Bible times, not for now. At this seminar I learned to use the gifts God has given me and felt truly close to God for the first time.”*

### “WHAT A GREAT REFRESHER.”

*“I wouldn’t consider myself a backslider, but sometimes work really takes my mind off my spiritual life. Thank you for the refresher course.”*
